

# ECO CAF® 30 POLY SKID

## Product Specifications:

- *Pressure Vessel Capacity: 30 Gallons*
- *Discharge Range: 75 Feet*
- *Solution Capacity: 15 Gallons*
- *Operational Pressure: 175 PSI*
- *CAF output: 300 Gallons Finished Foam at 20:1 ratio*
- *Warranty: 1 Year*

## Dimensions:

- *Length: 44"*
- *Width: 22"*
- *Height: 23"*
- *Weight empty: 158 lbs*
- *Weight Full: 282 lbs*

## General Specifications - Standard:

- Solution Tank: Steel Construction to ASME standards. DOT approved, epoxy powder coated inner lining*
- Fill Port: Female Garden Hose Fitting (Foam Funnel included)*
- Plumbing Material: Brass and Stainless Steel Fittings*
- Expellant Type: Compressed Air*
- 1" Pistol Grip Nozzle*
- Foam Compatibility: Class A, B and AR Foam Concentrate*
- Frame Construction: Poly Plastic Base*
- Pressure Gauges: Span 3" liquid filled (1) Low Pressure 0-300 PSI*
- Expansion Manifold: Stainless Steel*
- Discharge Hose - Hand Line: 1" Flat lay hose (1) 50' Length*
- Pressure Relief Valve: 1/4" 200 PSI*
