

ECO CAF® 60 Poly Skid

Product Specifications:

- Pressure Vessel Capacity: 60 Gallons
- Discharge Range: 75 Feet
- Solu. on Capacity: 30 Gallons
- Operational Pressure: 175 PSI
- CAF output: 600 Gallons Finished Foam at 20:1 ratio
- Warranty: 1 Year

Dimensions:

- Length: 53.5"
- Width: 30"
- Height: 27.5"
- Weight empty: 268 lbs
- Weight Full: 518 lbs

General Specifications - Standard:

Solution Tank: Steel Construction to ASME standards.
DOT approved, epoxy powder coated inner lining
Fill Port: Female Garden Hose Fitting (Foam Funnel included)
Plumbing Material: Brass and Stainless Steel Fittings
Expellant Type: Compressed Air
1" Pistol Grip Nozzle
Foam Compatibility: Class A, B and AR Foam Concentrate
Frame Construction: Poly Plastic Base
Pressure Gauges: Span 3" liquid filled (1) Low Pressure 0-300 PSI
Expansion Manifold: Stainless Steel
Discharge Hose - Hand Line: 1" Flat lay hose (1) 50' Length
Pressure Relief Valve: ¼" 200 PSI
