- Propel Mist 130-feet
- Foam Compatible

Feature

Custom Mounting

- Diesel Engine Power Plant
- Skid
- Rail
- Trailer
- Power Take Off (PTO) driven

APPARATUS:

MVU[®]
MOBILE VENTILATION UNIT

**THE ORIGINAL,
MASSIVE VENTILATOR
THAT CONQUERS THE
TOUGHEST JOBS**

The powerhouse of our line, TEMPEST MVU® is the largest ventilator that we manufacture.

The MVU® generates air movement unlike anything you've seen and continues to remain in active service for decades. The **150,000 CFM** ventilates anything in its way.

All Tempest MVU®'s are proudly designed, fabricated, and hand-built in America.
