

VENTMASTER® 562XP Mark II

FIRE RESCUE PROFESSIONAL GAS CHAINSAW
FROM TEMPEST

Engineered for the demands of professional forestry and tree care, the Husqvarna 562 XP® Mark II offers unparalleled handling in even the most demanding work environments. Featuring a new and improved engine design and AutoTune™ 3.0 technology for simpler starting, this chainsaw offers the power of a large saw in a slim, agile body.

- ✓ **Tool-Less "KIS-40" Depth Gauge** Accurately control cutting depth, protect operator and safely speed cut. Fast, simple installation and removal and eliminates the need to "roll the rafters."
- ✓ **Ventmaster® COBALT Guide Bar** COBALT alloy inserts at wear points provide excellent wear galling and impact resistance even at very high operating temperatures.
- ✓ **Automated calibration** enables simpler starting and ensures peak performance even in the toughest work environments.
- ✓ **Maneuverability** Engineered for movement, the ergonomic design of the 562 XP® Mark II offers unbeatable handling and maneuverability.
- ✓ **AutoTune™ 3.0** Automated calibration enables simpler starting and ensures peak performance even in the toughest work environments.
- ✓ **Performance** The 562 XP® Mark II offers more durability and performance, thanks to a new engine design.
- ✓ **Raptor Carbide Chain** Engineered specifically to withstand the rigors of fire and rescue operations. Features an "open dual raker" design to protect the carbide cutters and control the depth of cut.
